

## Ordinary People

- Do our small groups encourage every member to be authentic and open with each other?
- Are there individuals for whom all of our groups are inaccessible, due to timing, location or other factors?

## Making known

- Are our groups actively outward focussed?
- Do our groups encourage and equip each member of the group to share their own faith?

## An extraordinary God

- Do we experience the presence of the Holy Spirit in our small groups? Are we growing together in openness to his gifts and ways of speaking?
- Do we share testimony in small groups about what God is doing in our lives?

## Come as you are

- Are we identifying group leaders who have strong gifts in welcome, care and facilitating discussion?

## Join in

- Are there opportunities for our small groups to serve together and are our small groups taking them?
- Does every small group leader have other group members with whom they are sharing their responsibilities and training?

## Be transformed

- Do we ensure that every discussion leads to application, action and life transformation rather than academic exchange of ideas?
